YOUR STAFF

You are number one at Toy House. The staff is highly trained to assist you with product knowledge, gift suggestions, and making you and your family feel comfortable in the store. We want to make you smile.

Whether you are browsing or doing some serious shopping, you are encouraged to touch, feel, and play. Your kids will enjoy the many kid-friendly displays & activities.

A LITTLE HISTORY

In 1949, Phil & Esther Conley opened a store to sell quality toys year-round. Starting in a small house (hence the name), the store quickly gained a reputation for offering great toys and convenient services. The store out-grew that little house and moved to it's current location in 1967.

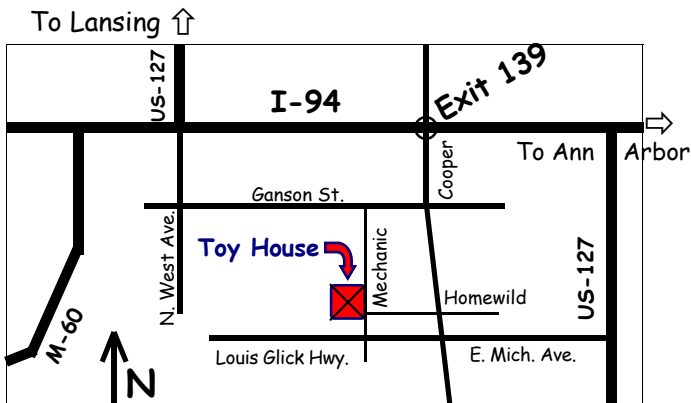

We now have over 30,000 sq. ft. of selling and warehouse space to hold thousands of quality toys, hobby and baby items just for you.

A trip to the Toy House is a magical experience for your entire family. We encourage you to plan a special trip just for browsing so that you have time to visit all of the departments and see the wide variety of toys, many which you will not find in the major chain stores.

Whether you are a regular or a first time visitor, you are always welcome in our house. Come visit us soon!
